

1. [COVID–19 impact on the shipping industry: An event study approach](#)
 - a. January 23rd, 2020 the event day of the COVID-19 outbreak
 - b. In case the estimation window is extremely narrow, our findings might be biased; in case the estimation window is extremely prolonged, the prediction composition might alter. To prevent this, by enhancing the accuracy of our forecasting, we chose 160 trading days prior to the event date, as being the forecasting duration.
2. [How COVID-19 impacts Vietnam's banking stocks: An event study method](#)
 - a. This paper considers 3 events:
 - i. The first event: February 13, 2020
 - ii. The second event: March 30, 2020
 - iii. The third event: July 28, 2020
 - b. The paper focuses on three main events relating to three lockdowns in Vietnam by COVID-19 in 2020. On February 13, 2020, there was a blockage in Son Loi commune, Vinh Phuc province (Zing news, 2020); on March 30, 2020, Vietnam announced the nationwide epidemic of COVID-19 and implemented a nationwide lockdown (ODV, 2020; World Bank, 2020); on July 28, 2020, a lockdown was announced in six districts of Da Nang city (Danang, 2020).
3. [The impacts of COVID-19 on the global airline industry: An event study approach](#)
 - a. We select three important events representing the development of the COVID-19 pandemic, which are (1) the first infected case outside China reported in Thailand (Event 1: January 13, 2020); (2) the outbreak in Italy (Event 2: February 21, 2020); and (3) the declaration by WHO on the global pandemic outbreak and the announcement of President Trump to ban travelers from 26 European countries (Event 3: March 11, 2020). The ultimate goal is to examine whether abnormal returns exist surrounding the determined event periods.
4. [COVID-19 outbreak and sectoral performance of the Australian stock market: An event study analysis](#)
5. [The COVID-19 Pandemic Impact on Industries Performance: An Explorative Study of Indonesian Companies](#) (Not an event study)
6. [Impacts of the COVID-19 pandemic on EU industries \(Book\)](#) (Not an event study)
7. [Impact of the COVID-19 pandemic: Evidence from the U.S. restaurant industry](#) (OLS)
